

## Commerical Quick Instructions NX148E Keypad

Disarm system by entering your 4-digit code on the keypad

**When Leaving :** Make sure all doors are closed. The ready light must be lit. If the system is not ready use the arrows to find open zones. Press "Exit" or enter your code to arm your system. Wait for keypad to say "System is Armed" before leaving. You have 40 seconds to get out.

**When you return home or wake up in the morning:**  
**Disarming System/Turn Off:** Enter your four-digit code. The arm light will go out.
